

DATE: April 27, 2017 (Revised June 6, 2017)

TO: All Campus Departments

FROM: Bobbi McCracken
Assoc. Vice Chancellor-Business and Financial Services & Controller

SUBJECT: Fiscal Closing Dates for June 30, 2017

This year's Fiscal Closing process will follow the same general timeline as the previous year's schedule. For the campus at large, closing procedures will be completed with the June (Period 12) Ledgers. In order to achieve this schedule, it is extremely important that the cutoff dates contained in this letter be strictly followed. In addition to meeting the cutoff dates, it is recommended that the following actions be taken in each campus department:

- Continue to promptly reconcile and certify your monthly ledgers through the Ledger Reconciliation and Storage System (LRSS). See January 2017 UCRFS User Group presentation on LRSS Best Practices located at:
http://accounting.ucr.edu/docs/general_accounting/20170112-ug-ucrfs-ppt.pdf
- Thoroughly review the April (Period 10) ledgers and make all necessary prior month adjustments.
- Review FAUs provided to campus recharge providers for re-occurring charges to ensure accuracy and to minimize adjustments/corrections.
- Treat the May (Period 11) ledgers like Preliminary ledgers. If transactions are not on the ledgers, research them and make sure that they will be processed in time to appear on the June (Period 12) ledgers.
- Consider Period 12 Ledgers to be your Interim Ledger. Departmental adjustments cannot be processed after this ledger is closed.
- Please note that material transactions that were not recorded by the Period 12 cutoff and are related to FY2017 business must be communicated to the Accounting Office for accrual/deferral consideration as soon as possible.
 - To determine whether a transaction is material for reporting purposes, UCR has established the following criteria:
 - The goods and/or services are received in FY2017, but the expense is not reflected on the 6/30 campus ledgers (expense accrual).
 - Services are performed in FY2017, but not billed (revenue accrual).
 - Revenue is received in FY2017 for services to be conducted in FY2018 (revenue deferral).

- Payment for goods /services in FY2017 with expected benefit in FY2018 (expense deferral)
- Individual transactions should be evaluated for accrual/deferral based on the dollar thresholds listed below.
- As soon as the item is identified, the accrual/deferral should be communicated to Accounting. The materiality threshold increases as the closing process and year-end financial audit nears completion.
 - \$10,000 - July 1 to 7*
 - \$25,000 – July 8 to 14
 - \$50,000 – July 15 to 21
 - \$75,000 – July 22 to July 28
 - \$100,000 – Jul 29 to Aug 30

**Accruals/deferrals submitted by the July 5th cut-off will be reflected on the Period 12 ledgers*

The remainder of this letter addresses specific cutoff dates. Questions should be directed to the responsible office indicated after each heading. The dates appearing in the left hand margin represent "deadlines" which must be observed to ensure completion of the specific closing tasks. The deadlines are summarized in Attachment A in due date order. Attachment B provides a list of contacts by area of responsibility.

Please do not hesitate to contact Pauline Librenjak (pauline.librenjak@ucr.edu) or Jerry Monahan (jerry.monahan@ucr.edu) if there are circumstances or conditions that have not been addressed in this letter.

Your attention, cooperation and patience in accomplishing the many tasks associated with achieving a successful closing of UCR's fiscal year 2016/17 are sincerely appreciated.

*****IMPORTANT INFORMATION*****

- ❖ The PowerPoint presentation on accruals and deferrals from last year can be reviewed on Accounting's website under General Accounting & Plant/Fiscal Closing tab or at <http://accounting.ucr.edu/general/index.html#fiscal>. Please carefully review the closing dates in this letter. Questions can be directed to your department financial manager/FAO, organizational CFAO, and/or ucrfsfeedback@ucr.edu
- ❖ UCRFS and UCRFSTotals will continue to be updated nightly.
- ❖ Every effort will be made to run the Financial Transaction Detail Reports on at least a weekly basis beginning with the week of June 5th and ending with the July 12th posting of the June Preliminary Reports. The reports, except for the July 12th posting, will be scheduled to run on Sunday based on all transactions posted through the preceding Saturday at 8:00pm and reports will be made available at <http://ucrfsreports.ucr.edu/> the following Monday.
- ❖ Notifications will be sent to [the UCRFS Users list](#) when the FTD Reports are available. Recipients associated with this list include anyone with a UCRFS role assigned via EACS.
- ❖ The June "Final" ledgers are anticipated to be available in early August.
- ❖ Special attention should be devoted to the review of transactions processed in July and August for potential accruals. Please contact the Accounting Office as soon as possible if a transaction should be evaluated for accrual consideration.
- ❖ Please check the Accounting Office web sites for references and forms throughout the closing process. Please note the Accounting Office will begin updating our website and all fiscal closing related documents will be posted under the [General Accounting-Fiscal Closing tab](#) as they become available.
